RE: South Gate Conversion to FOB remote use only

Dear Homeowner:

This letter is to remind you as well as advise you of a change to the south gate access. Previously, we sent communication in March and April about the south gate conversion. The south gate is now converted to FOB remote use only starting immediately. To enter and exit the gate will require the FOB remote. If you do not have a FOB remote, you will be required to enter through the main gate because the keypad will no longer work.

If you need a FOB gate remote, please visit the Golf Club and ask for Jennifer. There is a \$35 charge for any additional remotes you need. Current remotes that you have for the gates can be used for the South Gate as well.

Regards,

Essex Association Management, L.P.
