The Resort Golf Club
5700 The Resort Blvd.
Fort Worth, TX 76179

Residents of The Resort,

Please see Tarrant County Law below for celebrating July 4th here at the Resort:

“For those citizens wishing to ignite their own fireworks, it is important to remember that the only place to ignite fireworks in the unincorporated areas of Tarrant County is if **you own** the property or you **receive permission** from a property owner allowing you to ignite fireworks. Consumers should be aware of the penalties associated with illegal igniting or shooting of fireworks.”

Nobody will be allowed to shoot fireworks on golf course property. We work year around to keep our grounds in the best shape possible. We don't want to backtrack due to somebody having a few minutes of fun during July 4th. We are working with Essex as far as having somebody police the area into the night. Anyone who is caught violating will be addressed. We ask that everyone please be safe and thank you for your continued support.

Sincerely,

Jeremy Tate
General Manager
The Resort Golf Club
